

SITE LOCATION DIAGRAM

The Coastal Walk will provide excellent opportunities for walkers to experience the Eastern Suburbs Banksia Scrub vegetation which has a wide diversity of interesting species.

Low level boardwalk within the National Park adjacent to Eastern Suburbs Banksia Scrub vegetation.

ARTHUR BYRNE RESERVE

Southern pedestrian entry gate to the National Park, as no dogs are allowed within the National Park.

PIONEERS PARK

Coastal Walk link at Franklin Street.

Spectacular lookout point over Malabar Headland to Maroubra Beach.

The coastal trail weaves through tranquil ESBS vegetation and exposed sandstone escarpments within the National Park.

Exposed sandstone rock escarpment traverses the site from north to south.

Low level elevated boardwalk along the top of the sandstone escarpment, providing spectacular coastal views over Malabar Headland to Maroubra Beach and Botany Bay.

Northern pedestrian entry gate to the National Park, as no dogs are allowed within the National Park.
