Randwick, leading the way on sustainability and the environment

Twenty years ago, Randwick Council introduced one of the most innovative and progressive initiatives ever seen in local government.

We called it Sustaining our City – a small environmental levy paid by ratepayers as part of annual rates for sustainability improvements in Randwick City.

Because of the levy we have been able to save households \$1M annually on your energy bills through sustainability rebates, use 100% solar for Council buildings and streetlights and build 12km of Coastal Walkway including the Malabar Headland Western Escarpment.

Each five-year period (2009, 2014 and 2019) we have gone back to our community seeking your feedback on continuing the levy. Given the positive impact and popularity of the program, we are now proposing to make the Environmental Levy permanent.

While the levy has achieved a lot to date, more work is needed to protect our beaches, complete the Coastal Walkway and take meaningful action to address climate change by switching to renewables, conserving water and increasing our urban tree canopy coverage.

With the current levy due to expire on 30 June 2024, I'm writing to seek your feedback on continuing the Environmental Levy into the future.

I know that the cost of living is putting pressure on households. But the cost of not taking action on avoiding waste, protecting our beaches and addressing climate change will cost us and our children more in the future.

For around 28c a day or \$1.95 a week, I believe continuing our Environmental Levy is the right thing to do for our residents and families, now and into the future.

Included with this letter is a detailed booklet explaining the pros and cons of continuing and stopping the levy. Please read this carefully.

I thank you for taking the time to read this information and welcome your feedback to help us decide the best way forward for our community.

Yours sincerely

Councillor Philippa Veitch
Mayor of Randwick
