

THE LORD MAYOR OF SYDNEY
CLOVER MOORE MP

Randwick City Council
08 NOV 2006
Records Received

Mr Ray Brownlee
General Manager
Randwick City Council
30 Francis Street
Randwick NSW 2031

3 - NOV 2006

Dear Mr Brownlee

Lenthall Street, Kensington

I refer to your letter inviting the City of Sydney to participate in a joint working group on the proposed partial closure of Lenthall Street.

In my previous letter I asked that Randwick Council carry out a detailed traffic and transport study to determine the impacts in all areas adjacent to the proposed partial or full road closure of Lenthall Street.

The City has serious concerns with any form of closure of Lenthall Street due to the impact on nearby residential streets such as Joynton and O'Dea Avenues. The City and Roads and Traffic Authority consider that Lenthall Street provides a vital link from Southern Cross Drive with a lack of appropriate alternative routes.

Based on the data you have already collected, there is no significant support for any type of road closure and there is a clear opposition with 59% against a full closure and 54% against a partial closure.

City staff are willing to discuss the Lenthall Street traffic issues. You can contact Richard Campbell, Manager, Transport Management on 9265 9391 or Col Warne, Senior Traffic Manager on 9265 9362 to arrange a meeting.

Yours sincerely

Clover Moore MP
Lord Mayor of Sydney
