

NOTE

- 1 Remove existing swing and rubber. Create nature play with stepping stones, tree logs and planting under fig trees.
- 2 New swing play zone with rubber surface. Proposed one inclusive seat, junior seat and two toddler seats.
- 3 Intall new play equipment and rubber.
- 4 New seating area with existing seat.
- 5 Retain existing concrete paving with existing table seat.
- 6 Retain existing tree and landscaping area.
- 7 Retain playground fence and gate.
- 8 Shift western playground gate and stepping stone path away from fig tree roots.
