COASTAL WALKWAY

FUNDING AREA

Coastal

BUDGET

\$5M

TIMEFRAME

2024-29

LOCATION

**South Coogee,
Lurline Bay
Malabar
Little Bay**

STATUS

Ongoing

DID YOU KNOW?

The Bondi to Coogee section of the Coastal Walkway is estimated to attract more than two million visitors each year. TripAdvisor rates it as the top attraction in Sydney with a 5-star rating based on 15,000 independent reviews.

Sydney's iconic Coastal Walkway is revered by locals and is one of the most visited tourist attractions in NSW. Council has invested considerably in upgrades and extensions, however gaps remain in the Walkway. Our vision is to see a continuous walkway between La Perouse and Clovelly.

WHAT IS IT

Visitors and residents alike are drawn to Randwick's 29 kilometres of coastline and 13 popular swimming beaches throughout the year, particularly during the warmer summer months. With approximately 12 kilometres of Coastal Walkway constructed and upgraded through our Environmental Levy program so far, there still remains three important, but complex sections to complete.

- **South Coogee** – Connecting Cuzco Street with Lurline Bay
- **Lurline Bay** – Constructing a cantilevered boardwalk
- **Southern golf courses** – Connecting Malabar with Cape Banks

BENEFITS

The Coastal Walkway is an important social and recreational facility for local residents. It also contributes significantly to our local economy through visitation and tourism. A continuous Coastal Walkway in Randwick City would be the jewel in the crown of Sydney's Great Coastal Walk connecting Palm Beach in the north to Cronulla in the south.
