

16 February 2016

IMPORTANT NOTICE

To the Resident
William Street Area
Randwick

Dear Sir/Madam

NOTICE TO RESIDENTS TO REMOVE ALL VEHICLES FROM WILLIAM STREET WEDNESDAY 17TH FEBRUARY FROM 7:30PM

Tomorrow evening (Wednesday 17th February) Randwick City Council will be reconfiguring the parking arrangement along William Street.

In order to carry out the work the Council requests that all residents and visitors refrain from parking in William Street on Wednesday 17th February from 7:00pm until approximately 11:30pm.

This work will involve marking some of the parking bays at 90 degrees to the kerb in order to increase the parking capacity of the street. At a later date, new islands and planting areas will be installed at the intersections.

This works is part of a suite of measures that Randwick City Council is undertaking to mitigate, as much as possible, the loss of parking due to the construction of the light rail.

I apologise for any inconvenience and the short notice. It has been necessary to accelerate these works due to the loss of parking this week on Alison Road.

If you would like any further information regarding these works, please don't hesitate to contact me directly on 02 9399 0679.

Yours faithfully,

Darren Price
